

COMPLEMENTARY FEED FOR HORSES AS A NUTRITIONAL SUPPORT FOR NATURAL MUSCULAR DEVELOPMENT

1. Description

- Beige powder

2. Intended use

Cavalor Muscle Force is used to enrich the normal feed for competition horses. Cavalor Muscle Force contains high-value and easily digestible proteins and carbohydrates

Cavalor Muscle Force is a 100% natural product, which accelerates and increases the build-up of muscles. This is an ideal product for sport horses which, after rest or a period of reduced work, must quickly be able to use their maximum strength again. Cavalor Muscle Force is also beneficial for getting young horses quickly up to strength.

3. Directions of use

Dosage per animal per day:

- 30-45g/day
- Maximum per horse: 120g/day
- The maximal result is achieved after 6 weeks
- No use to use Cavalor Muscle Force longer than 45 days. If you want, you can repeat the cure after 2-3 months.

4. Product Features

- Natural amino acids concentrate: Amino acids are the building blocks of muscle cells. The correct supply of certain amino acids clearly speeds up muscle build.
- Herb mix: This special mix of herbs is designed to increase muscle cell build-up and reduces muscle cell breakdown. This results in rapid muscle volume and increasing muscle strength.
- Probiotica: Contains nucleotides, DNA and RNA, which support muscle cell division. Increased muscle cell multiplication ensures increased muscle volume and increased muscle strength.

5. Analysis

Crude Protein	30%
Crude Fat	0.6%
Crude Ash	1.6%
Crude Fibre	1.2%
Sodium	0.2%
Lysin	0.53%
Methionin	0.4%
Cystein	0.53%
Threonin	0.7%

6. Storage & Packaging

- Pail 2 kg, Pail 5 kg, Box 900 g (60*15g)
- Keep dry and at mediate temperatures
- Use until 3 years after production date
